

## 22-44 OSC – Oscillating drum sander

- Oscillation guarantees a smooth surface and prolongs the life of your sanding belts
- Automatic reduction of the rate of advance to avoid excessive material removal (Sand Smart)
- Infinitely variable feed rates ranging from 0–3m/min and a drum speed of 1400 rpm guarantee maximum sanding results
- Sanding drum is easily adjustable parallel to the table

### Included in delivery

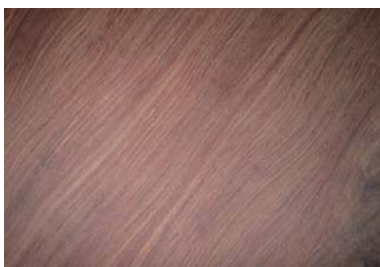

- Closed cabinet stand
- One 100 grit abrasive conveyor belt
- Sanding belt 80 G
- 1 box of abrasive stripes
- Cleaning stick
